Butterfly Bush

Butterfly Bush Will Bloom Profusely The First Summer.
Choice .60c each; 3 for \$1.65; 6 for \$3.00; 12 \$5.50 prepaid

These hardy plants offer finer cut flowers than probably any other and their long season of bloom (from July until frost) make them very desirable. The tops frequently die back to the ground in winter, but the following spring they start up and soon are blooming again. We offer many entirely new colors. Butterfly Bush like plenty of sunshine. Fertilize them with bone meal, manure or high grade fertilizers. They will thrive in almost any kind of soil if you feed them well. We ship strong FIELD GROWN plants with good roots and tops trimmed properly for planting. They are sure to bloom the first summer.

CHARMING—New pink. Beautiful bushy plant growing five feet tall. Very striking in the landscape and flowers from early July until frost. The individual flowers are quite large and the spikes open up full length. Beautiful pink and a lovely cut flower. Especially fine when used with delphinium.

DUBONNETT—Beautiful wine red and named after the popular French Wine of that name Dubonnett. In sunshine and under lamp the color is dark red. The spikes are solid and well filled. Fine for cutting, very hardy and should be in every garden.

HARTWEGII—Large bright lavender panicles on beautiful formed spikes. A lovely shade and combines with the other varieties to offer this pleasing contrasting shade. Hardy and free flowering.

ILLE DE FRANCE—Deep rich purple. This variety blooms with the other colors and gives a long season of bloom. Rich foliage and pleasing fragrance.

ROYAL RED—The Sensational New Butterfly Bush. From July to frost this variety produces an abundance of rich dazzling red panicle flowers that attract instant attention. A new and distinct color and very beautiful in bouquets and very attractive in the flower border. The strong field grown plants we offer this year are easy to make grow and will bloom profusely the first summer. 75c each; 3 for \$2.00; 6 for \$3.75 postpaid.

BLEEDING HEART—Beautiful, romantic, old-fashioned Bleeding Hearts are loved by everyone. Thrives in shady locations and blooms with Jonquils in early May. Heart shaped bloom of deep pink on long graceful arching stems. Very pretty foliage. Fine potted plants. 50c each; 3 for \$1.35; 6 for \$2.50.

LYTHRUM—Morden's pink. An outstanding new plant. Grows three feet tall with long narrow pink spikes. Showy in the border and excellent for cutting. Blooms in July and a fine plant for moist shaded locations. .45 each; 3 for \$1.15; 6 for \$2.00.

CHINESE BELL FLOWER—Large, showy, deep blue flowers on 20-inch stems are produced all summer. A splendid hardy plant in the border. The plant increases each year like a peony. Neat and clean. July to frost. Hardy 3-year roots. Neat branching bushes of upright habit. Very satisfactory for the sunny border. 25c each; 3 for 65c; 6 for \$1.15.

Delphinium Plants

SENSATIONAL PACIFIC HYBRIDS—An unusually sturdy strain bearing immense spikes often six feet tall. Mostly double flowers and very fine for cutting. We offer assorted colors only and cannot separate them. All combinations are very pretty and there are pleasing combinations of shades in pink, lavender, blues, purples and white. The foliage is mildew resistant and they are very beautiful and outstanding. Fine large transplants 35c each; 3 for 95c; 6 for \$1.70; 12 for \$3.20 prepaid.

BLACKMORE AND LANGDON DELPHINIUM—We offer a very select strain of these wonderful English Delphinium. Sturdy and tall growing and unusually large flowers. Beautiful for cutting. Singles and doubles in a fine array of color combinations that are a joy to every grader. We offer fine transplants. 25c each; 3 for 60c; 6 for \$1.00; 12 for \$1.90 prepaid.

DELPHINIUM BELLADONNA—This one is the dependable light blue single delphinium that is so dependable and beautiful for cut flowers. Showy in the border also. You will like this hardy old variety that has stood the test of years. No shading but a beautiful clear shade of light blue. Long lasting. 20c each; 3 for 55c; 6 for 95c; 12 plants for \$1.85 prepaid.

CREeping PHLOX

Ever see vast sheets of pink flowers or maybe blue or white in someone's garden in the early spring and wish you had some? Those plants are creeping Phlox. They bloom very early and are easy to grow from thick mats or carpet of light blue foliage. The flowers are small and form masses of color. 30c each; 3 for 75c; 6 for \$1.35; 12 for \$3.85. All prepaid.

ALBA—Pure white.

ATROPURPUREA—Rich and brilliant, deep carmine red.

LILACINA—Beautiful lilac blue.

ROSA—Deep uniform rose pink.

VIVID—Bright clear pink with deep vivid red eye.

CREeping PHLOX DIXIE BRILLIANT—This new giant variety is the grandest dwarf sublata Phlox ever introduced. If you are looking for a dwarf plant of unusual beauty and striking effect here it is. It is a strong, vigorous, hardy grower with mammoth flowers the size of a half dollar in gorgeous brilliant rosy red. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50 prepaid.

Hardy Phlox

Hardy Phlox are very essential in the hardy border. They bloom from July until frost and their large flowers of vivid colors are very effective and desirable. We offer fine plants that will bloom the first season. Keep Phlox well watered and they like plenty of plant food, cow manure or bone meal at planting and a feeding of high grade plant food when they start to bloom. Colors from pure white thru pinks and blue into light and deep reds, according to variety.

35c each; 3 for 85c; 6 for \$1.60; 12 for \$3.00 postpaid

AFRICA—Brilliant carmine-red with blood-red eye. Well-shaped flower heads composed of large florets. Good strong stem and not subject to mildew.

ANTONIN MERCIER—A delicate lilac-blue; free flowering variety of medium height.

BLUE BOY—Blue Boy is the nearest to dark blue we have been able to come. A good grower and of medium height.

CHEERFULNESS—Very vigorous grower with much branched panicles of sparkling salmon-orange flowers. Of importance is the fact that the color keeps perfectly in bright sunlight, also it is a late flowering variety prolonging the season several weeks. Height about 3 feet. One of our favorites. A "must" in every garden.

COUNT ZEPPELIN—(Graf Zeppelin.) Pure white flowers with vermilion-red eye. A striking, clean looking Phlox. Very free flowering.

DAILY SKETCH—Extra large trusses—large individual florets. Color is light salmon-pink with crimson-rose eye. Viewed from a short distance the effect is a magnificent Rose Phlox. Daily Sketch is an outstanding variety. It is robust and rugged in growth and about 3 1-2 feet high.

ETHEL PRITCHARD—A delightfully French-mauve colored Phlox, which, if seen on a cloudy day, looks almost as pale blue as our native Phlox (Divaricata). It is a strong grower.

GEORGE STIPP—A new variety of great merit. Deep glowing salmon with shaded lighter eye; very outstanding and one of the recent salmon Phlox introductions. Does not fade.

JULES SANDEAU—Rather dwarf in habit, but producing very large heads of brilliant watermelon-pink blossoms. An outstanding variety because it flowers more freely and longer than most Phlox, and is practically free from red spider.

LEO SCHLAGETER—Seldom has one seen such a shade of red. Its brilliant scarlet blooms seem to glow with fire. This impression is heightened by the fact that there seems to be a decided orange cast to the blooms. Of splendid habit, about 3 feet high with full rich heads of bloom early. The best red Phlox in existence.

MISS LINGARD—Has beautiful, long, shiny green foliage and is absolutely free from any disease. It flowers from early June until October, with large heads of white flowers with faint pink shading in center. It is the best early White Phlox known.

MISS VERBOOM—This, in fact, is the rose form of Miss Lingard. Habit and foliage are the same; flowers just as early in June. Splendid when planted next to Hemerocallis Flava.

MRS. JENKINS—(Independence.) Pure white; late flowering; very fast grower of medium height. Splendid for planting in masses. Few varieties equal its free-flowering habit. Free from any disease and can always be depended on.

MRS. W. VAN BEUNINGEN—Medium height but robust in growth, with healthy foliage. Large, rich salmon-red flowers—a bright, effective self color without eye. Very free and persistent in flowering. Compact.

RHEINLANDER—A splendid old-time variety of good growing quality, and excellent habit. Flower heads are large and on good strong stems. The color is a beautiful salmon-pink.

SALMON BEAUTY—Rich salmon-pink, with white eye. We believe Salmon Beauty is one of the first on the list in this shade.

SAN ANTONIO—Rich plum red. Large flower heads. Very fine variety.

WIDAR—The violet florets have a clear white eye which create a most unusual effect. Of medium height and good habit.

Patented Phlox

ATLANTA—(Plant Patent No. 329.) .55c each; 3 for \$1.50; 6 for \$2.75; 12 for \$5.00. Flowers as large as hydrangeas. The individual florets of white, beautifully shaded pale blue. The eye is a deep blue. Flower heads are immense in size and carried on stiff 2 1-2 to 3 foot stems. As with Columbia, there develop from the leaf points secondary flower heads, continuing to bloom for several weeks after the main flower head has faded. Foliage is clean, and the entire plant impresses one with its vigor. The delicate tints and shades develop best when planted in not too strong sunlight. It is difficult to describe Atlanta, but we are sure you will welcome this lovely new Phlox among your most prized flowers.

AUGUSTA—(Plant Patent No. 252.) .55c each; 3 for \$1.50; 6 for \$2.75; 12 for \$5.00. The finest American Beauty red. A strong growing plant of medium height, about 2 1-2 feet when fully grown, with rich bronzy green foliage and stem. Color is best described as a brilliant cherry-red, intense and sparkling. The young florets at opening show a decided amount of orange. It does not discolor or bleach in the sun. The color remains perfect under all weather conditions. Augusta is a beautiful vivid colored variety of exceptional growth and qualities.

COLUMBIA—(Plant Patent No. 118.) .55c each; 3 for \$1.50; 6 for \$2.75; 12 for \$5.00. The finest light pink Phlox ever introduced. The color suggests a delicate cameo-pink with faint blue shading at center. The effect created by a well grown plant is exquisite and never before seen in Phlox. The clearness of tone is remarkable, the brilliancy is so pronounced that immediate attention is given to this wonderful plant. As the flower ages, the blooms always retain their delicate pink shade. Columbia is well called the "perpetual flowering" Phlox.

Chrysanthemum

FRENCH LILACS

These lilacs are so much superior to the common lilac and once you have a bush or two you will readily appreciate the improvement in variety and many people are becoming quite enthused and want many varieties on their grounds. The flowers are much larger than ordinary lilac and there are many different shades. French lilacs are very hardy and easy to handle. These fine hardy shrubs bloom very young and grow into fine specimen plants. They are easy to transplant and thrive with just ordinary care. We offer many colors in both single and double flowering sorts.
